

The Golden Eagles October Newsletter

Mrs. Parker, Mrs. Atnip, Mrs. Cassity, Mrs. Brooks

Dear Parents, We have had a great start to this school year. The students are adjusting well to the Middle School life and learning many things in all classes. There are a few upcoming dates to remember.

Upcoming events: October 3, 1st quarter common assessments in all class.

RTI math and communication arts swap each Friday, ask your child.

October 13, Food For America, visiting the school farm from 8:15am to 2:15pm.

Notes were sent home last week with information about farm trip.

October 14 **AR goals are Due**

October 17 – 21 National School Bus Safety Week

October 19 Students receive report cards

October 24 – 28 Parent Teacher Conferences

October 27 No school for students, conferences until noon.

You will be receiving meeting times sign up list.

October 28 No school

October 31 No school for students, Teacher in-service.

November 23 – 27 No school for students, Thanksgiving Holiday

In **Science**, we have finished our unit in plants and animals. The reports about the animals have been great and everyone has enjoyed the dissection of the fish. We would like to thank our 6th and 7th grade students that came in to assist. Connor Brooks, Garrett Weber, Darren Hawkins, Collin Brooks, Cameron Gorham and thank all the parents who brought in fish for the skeleton system. We would also like to thank the parents that brought in the elk heart for the unit on circulatory system. Thank all the parents who brought animals to help the students with their reports. Our next unit is body systems. Yes, there will be another project to help students learn with hands-on experience.

In **Communication Arts**, we are finishing up our first theme, "Nature's Fury", in our reading series. We have taken a selection test at the end of each (selection) and then we'll take the end of the theme test. On Monday, Oct. 3rd, we will take a pre-test for theme 2, "Give it all you've got", so the pre and post test can be compared.

In **Geography**, we have done a unit on what the five themes of geography are and our second unit was using the 5th themes as we studied basic map skills. We are getting ready to start a 50-states unit. We will be "traveling the world" studying it with Mr. Help: Movement, Region, Human/Environment Interaction, Location and Place.

In **Math**, we will be working on Geometry. Remember students will have weekly study links due in every Friday. Parent signatures in yellow folders add points to the student's grades and also give you parents the chance to see your student's week. Also I would like to remind parents that most of all the math your child does is in their math book. Please check it as much as possible to keep up with all the exciting concepts your child is learning.

Thank you parents for all your support to the new year and we are thrilled to have your child in our school.

Sincerely,
Mrs. Parker, Mrs. Atnip, Mrs. Cassity and
Mrs. Brooks
